APPLICANT INITIATED INTERVIEW SUMMARY

S I R:

Applicants' representative, Janet M. Skafar, thanks Examiner Osberg for the telephonic Examiner's Interview on August 10, 2007.

The rejection of Claim 14 under 35 USC § 101 was clarified.

The rejection of Claims 1 and 6 under 35 USC § 102(b) as being anticipated by the Martinez et al. patent (U.S. Patent No. 6147683, referred to as Martinez) was discussed. No agreement was reached.

As to Claim 1, Applicants' representative generally argued that Martinez does not teach the materialization entity of the claimed invention. As to Claim 6,

Applicants' representative generally argued that Martinez does not teach that when at least a portion of the materialization entity is scrolled out of view, displaying the materialization area.

Respectfully submitted,

September 21, 2007
